

House sparrow snapper

You will need:

- scissors
- glue
- grey, brown and pink colouring pencils
- double-sided tape.

What to do:

- 1 Colour the beak, the eye circle and the patch on top of the head grey. Make the inside of the mouth pink. Colour the stripes around the eyes brown. Leave the dots behind the eyes and the cheek patches white.
- 2 Cut out the house sparrow snapper.
- 3 Fold the snapper along the dotted lines with the coloured area facing outwards. Make sure you fold across the middle of the mouth too.
- 4 Apply glue as marked. Match A and B glued sections under the head and beak, squeezing to stick in place.
- 5 Inside the top and bottom halves of the beak where circles are marked, stick a little piece of double-sided tape. Put your fingers on the tape and start snapping!

House sparrow
House sparrows sometimes pluck
feathers from pigeons, which
they use to keep their nest warm
and soft.

The RSPB is a registered
charity in England &
Wales 207076, in
Scotland SC037654.
