Taslin's house

What is the number of Taslin's house?

My house number is between 100 and 1000.
The digits are in ascending order.
If you divide the number by 5, there is 1 left over.
The digits are all different.
The number is even, but two of the digits are odd.
The digits total 10.

Make up clues for another number for
a friend to work out.
