Use this slide as a backdrop before the showcase kicks off

Throw this slide up once the event kicks off.

Use it to:

1. Remind everyone what the topic of the course was
2. Talk through what the children worked on
3. Share any reflections as an educator on the program and what the children learned

Guest Intro

Build
THE
Change

Use this slide as a backdrop to introduce any special guests that have joined the class to hear about their ideas.

Welcome the guest up to share a few thoughts on how important children's voices are and the power of creativity to change the world.

The main event of the showcase is this section where children present their ideas from the Big Challenge.

It is completely up to you on how you approach this with your class.

In the past, we have given each group an opportunity to stand in front of their build and talk through their ideas.

Naturally, the end of this is reminding the children how much they have accomplished and how it is so important they feel that they can make a difference.

Thanks so much for building the change with us!

HEY EDUCATORS

Upload your kids' awesome ideas!

Don't forget to send photos and descriptions of your class' creations to our galleries on LEGO.com!

Scan the QR code with a phone camera to get started.

IDEA GALLERIES FOR HUMAN IMPACT: SAVING TODAY'S DINOSAURS

Session 2A
Ideas to protect birds from habitat loss.
